ReBirth the Earth: Trees for Tomorrow

Campaign Sponsor Sheet

Dear Sponsor,

I'm a member of a local Roots & Shoots group, and I'm collecting sponsorships for native trees that I will be planting in my community to help balance the amount of carbon dioxide released into the air by motor vehicles and industry. Roots & Shoots groups across the U.S. have a goal of planting a total of 3,000 trees. The tax-deductible sponsorship money that you give today will go toward helping my fellow Roots & Shoots groups in Tanzania plant trees through the establishment of five new tree nurseries at a total cost of $10,000. To make our goal attainable, **we recommend a sponsorship of $15 per tree**. Once you sign the sponsorship, my group will plant the number of trees indicated below in our community. You may sponsor as many or as few trees as you like. Thank you for your support!
